

Launch Your Career in the Resource Sector | Geology, Finance, Corporate

Start your career with real responsibility and direct exposure to exploration programs, financings, and public company operations. We are seeking individuals serious about building a long-term career in the resource sector.

Areas of Opportunity

- Finance, Accounting, and Capital Markets
- Geology and Earth Sciences
- Generalist roles for those eager to build broad industry experience

What You'll Gain

- Insight into TSXV-listed public companies and capital markets
- Experience working alongside senior technical and financial leadership
- Practical understanding of how resource companies are built, financed, and advanced

Who You Are

- Motivated, accountable, and eager to learn
- Comfortable taking initiative in a professional environment
- Serious about building a long-term career in the resource sector

What we Offer

- Hands-on industry experience
- Competitive compensation and performance-based incentives.
- Exposure to exploration and public markets
- Work alongside experienced professionals
- Strong foundation for long-term career growth

If you are serious about building a career in the resource sector, we want to hear from you. Please email your resume and a brief introduction to [**careers@oregroup.ca**](mailto:careers@oregroup.ca).
